

read_file.c

```
graph TD; A[read_file.c] --> B[stdio.h]; A --> C[stdlib.h];
```

A diagram illustrating the dependencies of the file `read_file.c`. At the top, a gray rectangular box contains the text `read_file.c`. Two blue arrows originate from the bottom of this box and point downwards to two separate white rectangular boxes. The box on the left contains the text `stdio.h`, and the box on the right contains the text `stdlib.h`. This visualizes that `read_file.c` depends on both `stdio.h` and `stdlib.h`.
